Mrs. Robert Becvar

## Heart Surgery— A New Life for Marie Becvar

When most of us think of heart trouble, and research into diseases of the heart, we think of heart attacks and heart failure — emergency treatment, the sudden, swift attack, an oxygen tent, and recovery or death.

To Mrs. Robert Becvar of 220 South 7th Ave., Antioch, it's something quite different. It's slow deterioration over the years of strength and capabilities, sliding downhill into invalidism, being forced to take a seat on the sidelines in the busy, active life of her children and husband.

And open-heart surgery isn't a bit of magic worked on some stranger otherwise doomed to death, to Marie Becvar. It's something of a miracle, to be sure. But she wasn't in danger of death when the decision that she should have the operation was made by her doctor and agreed to by Marie. She did seem doomed to a sort of tired, dragging half-life, when making one bed exhausted her to the point of requiring a rest before proceeding to the next small task.

If you met her now, you'd see a tall, happy-looking woman of 32. She looks healthy, happy and full of the joy of living. And that impression stays with you when you talk with her.

She says that's one thing she learned through her illness and recovery—to enjoy every day. If work needs doing, and the kids want her to go skating, or play volleyball, she takes time out to enjoy the time with them. The work can wait. The years when she couldn't join with them in play has made her treasure her ability to do so now.

The first evidence of Mrs. Becvar's illness became manifest when she was pregnant with her second child, Bobby, now eight years old. After the birth of her third child, Mike, she contracted mumps.

## All For Sweet Charity's Sake

The Antioch Business Men began practice sessions last week for their annual stint against the High School Faculty. The benefit basketball game is scheduled for March 9th at the Antioch High School.

Coach Roger Andrews has scheduled a preliminary game, contestants will be announced later, and the High School dance band and Swing Choir will furnish entertainment at halftime.

Proceeds from the game will go to the High School Athletic Department for the purchase of a movie camera. The camera will be used to photograph athletic contests that can be shown around the community.

One of the main purposes will be to record on film, the performance of those athletes, who by their scholastic standing and athletic ability, may be eligible for an athletic scholarship to a college or university.

Colleges and universities require these films of boys they may be interested in. In most cases it involves too much time and travel to scout each individual boy and they must depend on these films for their selection.

"The camera will also be available to other departments," Andrews said. "If the music or drama department wishes to film one of

## Set Date for Home Nursing Course

Mrs. Helen Schimmel of Antioch was one of the Red Cross instructors who graduated on Feb. 5 from the Home Care Training Course conducted by the Red Cross.

The training course was held at the Farm Bureau with the cooperation of the Home Bureau and Mrs. Helen Volk. Mrs. W. C. Petty of Antioch is a member of the committee on home nursing.

A class in the Home Nursing course will be offered to Antioch area residents starting February 27, with Mrs. Schimmel as instructor. It will be held in the Rescue Squad building in Antioch, from 7 to 9 p.m. each Wednesday. The course will cover six lessons.

The course covers simple home nursing skills, such as taking temperatures, bathing the patient in bed, making improvised items for the comfort of the patient and how to carry out the doctor's orders. Each student receives a text book, which she keeps on completion of the course, for reference.

Anyone interested in registering for the course can call Mrs. Edward Jahneke at 395-1145.

## County Board Writes Finis To Forest Preserve Committee

The County Board ended its growingly bitter wrangle with the Forest Preserve Advisory Committee Tuesday by voting to abolish the committee.

Acting as the Forest Preserve Board of Commissioners, one of its many functions, the board repealed the resolution, passed in 1959, which created the Advisory Committee.

The vote on the resolution was 22-5 to abolish the committee.

The wrangle started when Taisto Aho, president of the Board of Commissioners, appointed three new members

to the Advisory Committee, and proposed to put all members of the committee on terms of office.

The Advisory Committee protested the move, on the grounds that the politically sponsored appointments would make the Advisory Committee no longer a politically free group.

The Advisory Committee subsequently refused to attend meetings with the Board so long as the members appointed by Mr. Aho were part of their committee. The Advisory Committee had formerly selected replacements for their group and presented

them to the Board for approval.

Charges and counter-charges were flung as the hassle developed. Mr. Aho was at one time quoted as saying that the Advisory Committee had forgotten that its function was merely to advise, and thought it should have the power of decision. The Advisory Committee, with Mrs. Ethel Untermyer as chairman, charged that the County Board was using the Forest Preserve District for political purposes, that the Board had made no move to acquire land for preserves and had taken no action on other recommendations made by the Advisory Committee.

The Forest Preserve Advisory Committee serves without pay.

On February 8, Dwight Ingram, president of the Civic League, in an open letter to Mrs. Ethel Untermyer, recommended that she resign from the Advisory Committee, stating that "your relations with the legally constituted Forest Preserve authorities have become a serious deterrent to further progress."

In response to this letter, the Advisory Committee addressed an open letter to Mr. Ingram defending their actions and pledging the committee's support of Mrs. Untermyer. They suggested that if Mr. Ingram felt resignations would be effective in solving the problems, that he call for the resignations of those officials and members of the Board of Commissioners, who, either willfully or through lack of leadership, have failed so dismally over the past two years in carrying out the mandate of the voters in the 1958 general election to acquire forest preserves.

The letter was signed by James R. Getz, Arthur B. McDonald, Wesley Hardenbergh, Mrs. Spender R. Keare and Ray T. Nicholas.

Mr. Nicholas last week resigned from the committee, stating that he had not been consulted as to signing his name to the letter.

Irwin F. Plagge of Deerfield in an open letter to the Board of Commissioners suggested that the problem could best be solved by the resignation of Taisto Aho, president of the Board of Commissioners.

Franklin B. Peers, Deerfield Township, and John L. Balen, Waukegan township, fought against abolishing the Advisory Committee at Tuesday's Board meeting. Joseph Scassellati and Raymond J. Sheahan, Deerfield Township, and Roland J. Sandee, Waukegan, also voted against the move.

Red Murrie, Antioch supervisor, voted to abolish the committee. He said he felt that with the Board of Commissioners and the Advisory Committee unable to get together, no progress was being made. He felt it was unfortunate, he said, that the Committee had to be abolished, because there were several dedicated people on it. However, he said, Mrs. Untermyer had created friction ever since the inception of the committee, and it was impossible to remove her without removing the entire group.

**Gain Elected C.P.A. Institute Member**

NEW YORK — M. David Cain, CPA of Antioch, has been elected a member of the American Institute of Certified Public Accountants.

Mr. Cain is a partner in the accounting firm of Jedele and Cain.

**Elect Officers of Cemetery Association**

The Antioch Hillside Cemetery Association held its annual meeting at the Strang Funeral Home in Antioch Tuesday evening, February 12.

Officers for 1963 were elected as follows: Robert J. Wilton, President; Frank Powles, vice president; Vera L. Horton, secretary; Tom E. Brook, treasurer. Trustees elected were Earl Horton, chairman, Fred Hawkins, Antoinette Fields, Fern Lux Watson, Joe E. Horton and Frank Powles.

Bernard F. Stadiek was hired as caretaker of the cemetery.

ROLAND LYONS, GEORGE PATY, Dorothy Paty, Mildred Stroner, Jessie Lyons and Johanna Badama board the bus belonging to Boy Scout Troop 92 on their way to their monthly dinner meeting. Ladies of the Mother's Auxiliary met with the Troop Committee to make plans for the Boy Scout Troop. This meeting was at the home of Mr. and Mrs. William Johnson of Linden Lane.

## Nine Enter Board Race

With the deadline for filing petitions of candidacy for the Village Board of Antioch less than a week away (Feb. 25), it appears that Antioch may have a wide-open race for the four vacancies on the board.

Betty Meyer, so far the lone woman in contention, filed her petition Tuesday. A slate running under the banner of the People's Party also filed this week. This slate is made up of Herman Holbek, Arthur R. Meierdick, Jr., Jerome E. Rockow and Ralph E. Gresens. Mr. Gresens will be running for the two-year term.

A slate made up of Raymond Toft, David Nissen, J. Irving Walsh and Einar Petersen has filed petitions last week under the "Old Guard" party name.

Clarence Shultis, village clerk, said that four petitions were also taken out this Tuesday by a woman identified only as Mrs. William Turner. Names of the candidates are not known.

If the four petitions taken out this week are filed by February 25, there will be thirteen candidates for the four vacancies on the board.

Candidates for the Village Board have evidently established some new precedents this year. This is apparently the first time a woman has run for the Village Board, and the first time that two complete slates have entered the race.

**Grandson of Roy Percy's Dies In Fire**

Mark Percy, 9, grandson of Mr. and Mrs. Roy Percy of Antioch, died in the tragic fire that also took the life of his classmate and friend, John Kramer, this week.

Mark's parents, Mr. and Mrs. Charles Percy, live in Buffalo Grove, Ill. They had just built a new home and work on the garage doors was not completed. Workmen had left the doors partly raised and bales of straw covered the newly installed concrete at the bottom of the doors. When the boys pulled the door down as they entered the garage, it is believed the mechanism stuck, locking them in the garage. It is believed the boys were playing with matches and the bales of straw caught fire.

The boys were trapped when the flames broke out. The garage was demolished and part of the house burned. The inquest into the two boys' deaths was held Wednesday, Feb. 20.

Roy Percy, Mark's grandfather, formerly operated the Antioch Barber Shop on Lake Street. His grandmother operated the Antioch Cleaners next door.

## Appoint Kerner As Honorary Chairman

Illinois Governor Otto Kerner, whose home is at Channel Lake, has been appointed an honorary chairman of the Jewish National Fund's Purim Seudah (dinner) on April 3, in the Morrison Hotel which will honor Morris R. DeWoskin, prominent hotel broker and developer noted for his philanthropies and devotion to the new State of Israel.

## Information For Voters

The Antioch News hopes to give its readers as much information as can be gathered about the candidates in the forthcoming elections, both village and county, to help voters decide who shall get their vote.

Starting next week, we will have a story each week on one of the candidates for both the county supervisor and road commissioner. The week before election, we will re-run background on all candidates, with any remarks candidates may wish to make.

We will try to follow somewhat the same procedure with candidates for the village board.

In addition, we will have stories covering some of the duties, powers, terms of office, etc. of the offices to be filled.

Local voters are fortunate in the elections this year in that they have several candidates to choose from for each office. No one can complain of a lack of interest on the part of candidates. If voters show an equal interest—and it appears that they will—the village and the township should both profit by the election.

The various school board elections will not be neglected in forthcoming issues. These offices are important ones in the life of the area, and we will carry all available information on them.

## Courthouse Notebook

BY LOU DURKIN

The casual attitude adopted by most Lake County residents towards their township governments may melt away this spring under the heat of the bitter political battles shaping up in many areas.

It has always surprised us that more interest wasn't generated in the township elections and particularly when a township supervisor post was on the block because of the importance and power of the office.

The township supervisor, or poormaster as he was once known, oversees the expenditure of thousands of dollars in relief funds even in these days of federal and state aid and he would still be the key figure in the welfare picture if the voters over the years had paid more attention to this vital office.

The supervisor is usually top dog in the township government and has considerable say in picking the other township candidates including the one man who has more responsibility for the size of your tax bill than any other single official.

That, of course, would be the township assessor who determines the value of your real estate and, personally, property for tax purposes.

A venal assessor can give preferential treatment to friends and penalize those who oppose him, creating an unfair distribution of the tax burden in a township.

An incompetent or lazy assessor can delay the completion of the tax extension work and penalize every taxpayer body in the county and every taxpayer regardless of how much automatic data processing is available.

The road commissioner's authority and importance is

dwindling in many areas as the county highway department takes over town roads and city limits expand into areas that were formerly under the road commissioner's jurisdiction, but he still spends a lot of your tax money.

Beyond the township duties there is the authority and power the supervisors and assistant supervisors wield as members of the county board of supervisors, the governing body of the county.

The county board sets the budget for all county departments either directly or through approval of budgets submitted by departments with their own tax rates.

The board also has jurisdiction over such popular departments as the planning commission, zoning board, and health department and will be the final voice in determining the type of zoning ordinance that is ultimately adopted for the county.

As Commissioners of the Forest Preserve District the supervisors and assistant supervisors elected on April 2 will have a major voice in acquiring forest preserve sites, if any, and setting the policy on development of the sites, if any.

Much of the bitterness being generated in the current drive stems from the decision of some townships to enter regular party slates in the race with candidates who missed selection in party caucus entering the fray as independent candidates or under non-partisan party labels.

At the present time the county board lists only one candidate elected as a regular party candidate, but this is certain to be changed after April 2 and this can mean a far-reaching change in the policies and activities of the county board.

U. S. Representative Robert McClory whipped into the 12th district for a few days during a lull in Congressional activity and wasted no time in getting out hammer and nails to mend whatever political fences he could during his stay.

Cong. McClory is leaving nothing to chance concerning his re-election next year and while he can expect opposition for re-nomination every day that passes is making it tougher for anyone seeking to unseat him.

## Letters to the Editor

February 16, 1963  
An Open Letter to the Board of Forest Preserve Commissioners:

Dear Sirs:  
May I take this opportunity to correct a misconception which may have been implanted by Mr. Ingram's open letter.

A brief recall of the basic facts of the history and struggle of the American colonies to separate themselves from the rule of the British king and the House of Lords which was meeting in London at the time, shows that it covered a span of intense, voluntary activity of approximately 25 years.

The "Committees of Correspondence" was formed in 1772, following a period of almost ten years of effort to resolve the differences between the colonies and the House of Lords. Finally, as we all know, the Declaration of Independence was signed in 1776, the Revolution ended victoriously in 1781, the Constitution of the United States was adopted in 1788 and President Washington was inaugurated in 1789.

It is of extreme importance to clearly understand that the precedent of following through a plan of action by the citizens group which initiated it, had a long and honorable history in this country. Virtually the same men who fought for the cause of liberty in 1776 were still actively participating in 1789.

Just as these men pledged their "lives, their fortunes and their sacred honor" for the establishment of the principles of the Declaration of Independence, so, too, Lake County is blessed with a group of citizens, men and women, who consider it just as necessary to be guided by these same principles in fighting for the Forest Preserve District and the 42,000 people who voted for it.

The Citizens Advisory Committee, as appointed by Mr. Moroney, has been your protection against ill-advised actions. It is indeed, hard to justify the expenditures called for in the budget. A smoke screen hardly seems to be the proper action of elected public officials who are aware of the sacred nature of the trust which their constituents have placed in them.

Do not allow yourselves to be used. Vote to uphold the Citizens Advisory Committee and vote for a budget in line with county promises made to the voters in 1962.

Very truly yours,

Katherine D. Taft  
(Mrs. Andrew)

2021 County Line Rd.  
Highland Park, Illinois

Mrs. Taft is a science teacher at Woodland Academy of the Sacred Heart in Lake Forest; a Scout Leader for the past 25 years; holds a Master's Degree from Cornell University, where she did graduate work on the effects of detergents upon Forest Preserve nursery stock. Her great-grandmother lived and died in Waukegan. Mrs. Taft, the mother of five children, was a popular speaker during the Forest Preserve campaign in 1957-1958.

## Sales Tax Collected

Springfield, Ill., Feb. 14—City sales taxes collected in December, 1962, on November liability grossed \$5,870,800 and county sales taxes for the same period grossed \$363,556. The Illinois Department of revenue reported today.

Gross collections from cities and villages were reduced by \$234,090, the state's 4% administration charge. Payments made under protest and withheld amounted to \$11,009 and \$7,602 was held in escrow. The net amount certified for cities and villages was \$5,618,159.

Gross collections from counties were reduced by \$14,513, the state's four percent administration charge. The amount of \$725 was protested and withheld. The net amount certified to counties was \$348,318.

The County Retailers Occupation Tax and Service Tax for Lake County amounted to \$13,858.83.

The Municipal Retailers' Occupation Tax and Service Tax for Antioch was \$4,680.22.

## Your Governor Reports

The General Assembly has been urged by this administration to approve revenue bond legislation to improve and add facilities in our state parks and recreation areas, not only for the benefit of our citizenry but as part of our effort to make Illinois more attractive to tourists.

Such a bond program in these times of fiscal stringency in Illinois offers a pay-as-you-go opportunity without taxation. Revenues from fees for use of campsites would be used to pay off the bonds.

From my address to the opening session of the General Assembly, I reiterate that "for many areas of our state, tourism is one of our most hopeful means of stimulating local industry and employment."

"An additional value of an expanded parks and recreation program could be the contribution that a judicious selection of sites could make to the development and conservation of the state's water resources."

The importance of camping facilities, for example, was

## Your Congressman Reports....

By Cong. Robert McClory

A hot issue in Congress, which is not publicized across the nation, is that of "home rule" for the District of Columbia. At present, the City of Washington and the District of Columbia are governed by three commissioners appointed by the President of the United States. The funds for the District and for the programs administered by the commissioners are provided by Acts of the Congress. This procedure has been followed since 1870 and is predicated upon Article I, Section 8, of the Constitution which provides that "The Congress shall have power . . . to exercise exclusive legislation in all cases whatsoever, over such District."

The Constitutional provision yields to the principle that the Congress "may" delegate its authority to a locally elected mayor and city council. Indeed, from the year 1802 until 1870, the City of Washington enjoyed almost complete "home rule" including the right during most of this period to elect its own mayor and aldermen.

With the 23rd Amendment to the Constitution granting to citizens of Washington, D. C., the right to vote for President and Vice President, many of these same voters wonder why they are deprived of the right to select their own local officials.

The Constitutional directional jurisdiction of the District of Columbia suggests that the area where our Nation's Capitol is situated shall belong to all the citizens of the nation. Indeed, one may ask whether authority over this area should not rest with all other citizens, through their Representative in Congress.

It is charged in some quarters that the opposition to "home rule" is based on "racial prejudice," as more than fifty per cent of Washington's population is reported to be non-white. The presence of this feeling among some opponents cannot be discounted. On the other hand, if this were the major obstacle, it would not take much ingenuity to devise a plan for "home rule" which would avoid domination by any one racial group of a city council. But there is more than that to the issue, and a thoughtful decision on the subject should be made on the merits and without prejudice of any kind.

The stake of our national government and of all our nation's people in the City of Washington, D. C., is great indeed. It is a stake which belongs to the nation as a

pointed out last week at a meeting in Indianapolis, Ind., among the governors and representatives of the states of Illinois, Indiana and Kentucky. The meeting concerned the expansion, improvement and better promotion of the Lincoln Trail to make it one of the nation's major tourist "packages." The route traces the migration of Abraham Lincoln and his family.

Pertinent to our efforts aimed at the Lincoln Trail are the facilities offered the camping tourist as well as the private accommodations which the touring public expects to find. To attract tourists and to want them to come back and urge their friends to see the attractions of our state, our facilities must be of high quality.

The revenue bond program which I have urged is not unusual. Such programs have been tried successfully in other states. As a matter of fact, such a program was approved in Illinois a few years ago, but defects in the legislation prevented it from being implemented.

## Easter Seal Fund Drive In March

Taking time out from her television duties as the head of the Baxter household, Miss Shirley Booth, better known to millions of television fans as Hazel, has addressed an appeal to Lake County residents for cooperation in the 1963 Easter Seal Appeal.

As National Easter Seal Appeal chairman, Miss Booth has sent her appeal to Lake County residents through Lou Durkin of Waukegan, 1963 campaign chairman for the Lake County Easter Seal Society.

In her appeal Miss Booth said, "I'm working for crippled children these days in addition to running the Baxter household as Hazel. As one might guess, they really aren't any different from other kids—bright, lively, eager, affectionate and just as mischievous. What is really wonderful is to watch their development into independent, self-sufficient people who take their rightful place in living normal lives."

The famed stage and television star is lending her support in the effort to raise funds for Easter Seal Treatment Centers across the nation similar to the Easter Seal Treatment Center at 709 North Ave., Waukegan, where crippled and handicapped adults and children are receiving special therapy treatments to help them overcome their handicaps.

A budget of \$34,635 has been established by the Board of Directors of the Lake County Easter Seal Society for the operation of the Easter Seal Treatment Center in Waukegan and the bulk of this money must come from the Easter Seal Appeal drive to be held during March, Durkin said.

Groups of volunteer workers are being enlisted to prepare a mail appeal in most of the county and other workers are being enlisted to conduct a door-to-door campaign in Waukegan and North Chicago on March 24th, Durkin reported.

## Start Fund Campaign For Red Cross

Mr. Boyd Mulder, chairman of the Lake County Chapter of the American Red Cross invites all Lake County residents to attend the Fund Campaign kick-off dinner to be held at the United Protestant Church, Grayslake, on February 26, at 6:30 p.m.

Principal speaker at the dinner will be Robert C. Edson, National Director, Disaster Services, American Red Cross, from Washington.

Anyone wishing to attend the dinner should call the Chapter House ON 2-4044 and make reservations.

whole. The Congress may find this responsibility burdensome—but it is an obligation which remains inherent in a government of the people, by the people and for the people of the United States of America.

## Along The Way

with ANNIE MAE

The lighting of the long fuse leading up to an explosive election day April 16th, has taken place this week. With the deadline for filing of candidates' petitions Monday, Feb. 25, all indications are that we will find NINE running for the four open posts. Three incumbents are unusual in the respect that two of them are heading the "Old Guard" slate, while the third is heading the new "Peoples Party" slate. A lone woman will run as an independent, and if this doesn't prove to be the most exciting election this Village Board has seen in a long, long time, I miss my guess.

THE LATEST REPORT: When the management of the Illinois Beach Park Lodge switched ballrooms on the Lions Club, I'll bet they didn't know that the Super' of Parks was a member of the club, and that at least six of the guests were hunting "buddies" of his Honor the Governor; who knows, the repercussions may echo all the way Downstate. . . . YEAH, I bit on the Green Door gag, too! . . . a few of those that wandered to poolside for a look-see, got a little wet on the outside too! . . . Nobody even had to tell me Weatherman Roy Kufalk was back in town, we had two inches of snow this morning and who knows what more will come out of those skies. . . . The Antioch Woman's Club really outdid themselves Monday with a "Trial of Queens." Members portrayed various Queens throughout history. Our personal salute to Phyllis McMillen who designed & made all of the royal garments! Worthy of special mention were Joan Larson whose regal bearing and striking resemblance to Queen Elizabeth made her portrayal outstanding. Edith Elms' version of Victoria Regina was so lifelike, we all trembled a little. Our Scotch blood was most happy with Ruth Jecle's likeness of Mary Queen of Scots. Not to be forgotten will be little Johnny Kakacek as the page and escort for Poly Bruhn's perfect rendition of Cinderella. And if you noticed, everyone left with a little hint of Royal pride in their walk that day.

FORGET YOU NOT: This is National Heart Month and a volunteer worker from your neighborhood will be around sometime this next week. THE LAST DROP: As of this writing Eric Lubkeman is top man on the totem pole at the Antioch Bowl Men's Singles tournament. . . . now that Spring is fast approaching, that center lane erosion on North Main street is starting right at us again. . . . the possibility of Countryside Hospital becoming a private enterprise may not be too far off. . . . Hold the phone!! Just got word that FOUR more petitions for candidacy on the Village board have been taken out. Couldn't find out who, but of Annie's theory is that Oakwood Knolls feels they should have some say-so too! . . . What a campaign this ought to be!

DID YOU HEAR: The man with a new idea is a crank until the idea succeeds. (Mark Twain).

What's your idea today?

## 4-H's Study Car Mechanics

The 4-H club automotive projects start Thursday, Feb. 21 (today). The first meeting will be held in the Farm Bureau Building starting at 7:30 p.m.

Any youth in Lake County who will be 16 years of age or older by July 1 of this year is eligible to enroll.

Most of the meetings of the members will be held in auto dealers' shows where the members can study first hand the operations of the various parts of the car.

One of the subjects to be stressed in the project study will be "Handling the Car Safely on the Road." Other subjects to be covered include the Fuel System, the Ignition System, Air Filters, Temperature Control, Selecting Lubricants, Selection and Care of Tires, and Determining Car Operating Costs.

Information regarding other projects can be obtained by writing or calling the Lake County Cooperative Extension Service, P. O. Box 267, Grayslake, Telephone Baldwin 3-5844.

## MY OLE GRANDPAPPY USED TO SAY!

By the Rev. Fr. Edmond E. Hood

Given the plain facts, most people will end up drawing their own confusions.

All some people want with religion is to keep them from trembling when it thunders.

Some people pay so much attention to their reputation that they lose their character.

Men who can talk all day in a country tavern often want to leave church before the sermon is fairly started.

## Speakers For Museum Fund Are Named

Four northwest Lake County residents are among 12 persons named to stump the county on a speaking tour to explain to civic groups and organizations the \$525,000 Lake County museum campaign.

Also named were three more top campaign leaders.

Picked for the speaker's bureau from this area were: Larry Rouse, principal of the Grayslake High School; Rev. L. H. Messersmith, pastor of the Millburn Congregational Church; Edward Cooney, Antioch; and Peggy Brandt, Fox Lake.

Dave Davis, news director of radio station WKRS and chairman of the speaker's bureau, said letters had been sent to presidents of clubs and organizations throughout Lake County urging an immediate booking for a museum campaign speaker.

The museum campaign, which will be launched later this month, will raise funds to build a fire-resistant museum on county land north of Libertyville, to reimburse the museum on Wadsworth Road for its private historical col-

lections and its works in displaying and preserving them for the past six years, and to move the collection to the new building.

After the museum building is constructed, it will be turned over to the county, but the museum board of trustees will continue to direct the institution's activities.

## DEATH NOTICES

### ELWYN "PAT" MANNING

Mr. Elwyn "Pat" Manning, 64 years old of Salem, Wis., passed away Wednesday, February 13, at 6:30 a.m. in Valley Presbyterian Hospital at Van Nuys, California, suddenly from a heart attack. He was born Feb. 10, 1896 at Salem and had resided there all of his life. He had spent several winters at Winter Garden, Florida, but had been with his son, Robert D. Manning in Van Nuys since Thanksgiving this year. He married Emily Herrmann on June 20, 1919 at Waukegan, Ill. He held membership in the Salem Methodist Church, the International Union of Operating Engineers (Milwaukee, Bristol Chapter No. 164 Order of the Eastern Star, Bristol, and was a member as well as past master of Washburn Masonic Lodge No. 145 F. & A. ### Good Samaritan

Can you qualify as a good highway samaritan? The institute for Safer Living of the American Mutual Liability Insurance Company lists these important procedures for anyone first to arrive at the scene of an accident. First remain calm. Pull well off the highway before stopping. Take what ever steps you can to alert approaching traffic. Remember that your first concern for the injured is to help prevent other vehicles from crashing into them.

### Keep Calm

Motorists should maintain both tire and blood pressures at normal driving levels. According to the Institute for Safer Living of the American Mutual Liability Insurance Company, a calm emotional outlook is essential to smooth, safe operation of your car. Be prepared for bad driving on the part of others and refuse to let their unsafe actions anger or upset you.

#### Women's Club News

Mrs. Henry (Erlene) Pearce was elected secretary of the Lindenhurst Women's Club Thursday evening. She replaces Mrs. Raymond (Millie) Caldwell who resigned the week before.

New members questioned what the Women's Club does for the village. Mrs. Lois Flanagan answered by saying that they had purchased flags for the various troops and the Village Hall; had bought 10 banquet tables, 100 chairs, several card tables; uniforms for Brownie leaders; gave a check for \$500 to the Men's Club for the Civic Center and purchased many small items needed. Rent must be paid by the Women's Club for the use of the hall whenever they hold a meeting, dance or any affair. Money raised when they showed movies last summer, just paid for the film that was rented. All money the Women's Club raises during the year must be disposed of before the close of the year. No money can be left in the book, since it is a non-profit organization.

## Heart Surgery.

(continued from page 1)  
sible. She lost weight steadily.

When open-heart surgery was recommended, Mrs. Becvar says, she felt no qualms about risking the operation. Neither then nor at any time before the surgery did she worry about the possible outcome. She agreed to the surgery with serene optimism, and that feeling stayed with her throughout her stay in the hospital.

With this type of surgery a comparatively recent procedure, a "heart machine" takes over the function of the heart while surgeons operate on the faulty heart. The patient's blood circulates through the machine and through the patient's body, with her own heart stopped. This is probably an oversimplified version of the process, but few of us could understand a doctor's terms for the procedures.

Mrs. Becvar entered the hospital eight days before the operation in November of 1960. Thirty-five men were on tap to supply fresh blood on the big day. Many were members of Bob Becvar's baseball team (Joe's Tap) of the Lake-Keno league. Enough fresh blood must be available to supply half again the normal supply of blood in a patient's body.

It required six hours to complete the operation. Of that time, Mrs. Becvar was on the heart machine 45 min-

utes. Surgeons put on extension on the damaged mitral valve. Mrs. Becvar says doctors explained to her later that the mitral valves are like four leaflets. Still dissatisfied with the operation of the organ, they removed another of the leaflets and replaced it in a slightly different position. Dr. Julian of Illinois Research performed the actual surgery.

Mrs. Becvar didn't walk out of the hospital a magically strong and healthy person. She was in the hospital for 13 days after surgery. When she first returned home, she found that she didn't have enough strength to pull open the refrigerator door. Complete recovery took about a year.

Now, she plays volleyball, goes ice-skating, swims, dances, and can perform her household chores in comfort. She treasures her health and practices moderation.

A native of Chicago, she had been coming out here for years before her marriage. (She was a Melodir). She married Robert Becvar in 1951. They lived in Georgia for a couple of years while Bob was in service. They have three children: Karen, 10, Bobby, 8, and Mike, 6.

Mrs. Becvar and her family won't hesitate to give to the Heart Fund when they ask for donations next Sunday, she says. Research, the invention of the heart machine, have probably saved her life and certainly have made it worth living. Not only her

life, but the lives of her whole family, were affected by her ill health.

The Heart Fund drive Sunday, Feb. 24, will be a door-to-door campaign, with neighbors calling on you for donations. Research made possible the operation that has returned Mrs. Becvar and many others to health. Further research will undoubtedly mean new life for thousands more in the future.

## Story of Slain Missionaries Is Feature of Church Talk

T. E. McCully

On January 8, 1956, on the Curaray River of the Amazon jungle in Ecuador, five young missionary men were slain by an Indian tribe known as the Aucas. On that Sunday night it certainly looked like a day of defeat. Today, this event portrays an entirely different picture as these killers have come to know God.

Dr. T. E. McCully, the father of one of these slain missionaries will be featured next Sunday evening, Feb. 24, at the Grace Community Church in Venetian Village. Mr. McCully, executive secretary of Christian Businessmen's Committee International, just recently had a visit into this tribe of Aucas and met the Aucas men who killed his son. He was able to tell them how he had been praying for them and that he loved them and was glad they had come to know God.

He will also be showing the new film, "Through Gates of Splendor," a 36-minute sound movie, in color, which is the story of the five young men slain by this tribe. It brings the story up-to-date, showing how one of the widows was

able to get into this tribe and give them the gospel. Betty Elliott, who wrote the three missionary classics, "Through Gates of Splendor," "Shadow of the Almighty" and "The Savage My Kinsman," is the narrator, along with Cornell Capa of LIFE Magazine.

Dr. McCully, along with other responsibilities, is editor of CBMC CONTACT Magazine, an author, chairman of the board of Emmanuel Bible School in Oak Park, and has visited over 50 countries of the world on four continents.

This unusual service will begin at 7 p.m. in Grace Church located at 201 Granada Boulevard. The Rev. Dwight Reed is the pastor. The community is invited to this service.

## Diane Rathke Weds Clarence Michels Feb. 9

By Mrs. Bernice Bernau

Diane Rathke, became the bride of Clarence Michels of River Grove on February 9, at St. Gertrude's Church in Franklin Park. The bride is the daughter of Mr. and Mrs. Hubert Rathke, Mr. and Mrs. N. Michels are the bridegroom's parents.

Miss Rathke wore a white street length dress, white shoes and gloves and a band held her shoulder length veil. She wore two white orchids on her small purse.

Her matron of honor, Mrs. LaVerne Wells, wore a beige street length dress. She wore an orchid.

Robert Michels, nephew of the groom, was best man. About 30 relatives attended the reception at the Colonial House in Schiller Park, after the ceremony.

After the reception, the couple left for a three week honeymoon to Florida. They will visit friends in Orlando, while passing through. On their return, they will reside in a three room apartment in Wheeling.

SOME OF THE DOLLS Mrs. McMillen dressed in duplicate costumes of the Queens represented in the historical pageant presented by the Women's Club last Monday.

## Today's Women Become Queens of Yesterday

By Pearl Kapell

The queens of history came alive for a while last Monday afternoon at a historical pageant staged by the Antioch Woman's Club.

Statistics and the stories of the lives of the queens of old are in the history books. And for most of us, they remain just that—dates and facts we learned from history books.

Mrs. Jim McMillen touched the magic wand of enthusiasm to the pageant which converted dull history into living, breathing women who were good or bad, strong or weak, who had their small vanities and eccentricities. They were queens, but they were also women.

The members of the Woman's Club played the parts of the various queens in a trial scene, where each monarch recited high points of her reign, defending her actions and explaining to the audience why she acted as she did.

Each of the "queens" did research on the woman whose role she played and prepared her own defense. The audience rendered a verdict of "good queen" or bad.

Each queen was garbed in authentic dress. The costumes were all made by Phyllis McMillen, who, starting with a background of knowledge of the lives of the queens, did necessary research as she went along. The amazingly complete costumes were often improvisations. Two wrestlers' robes were the base of rich, bejeweled robes for the queens.

Some of the queens portrayed in Monday's pageant were Christine of Sweden, played by Annette Lubkeman; Eleanor of Aquitaine, played by Gerry Olson; Catherine of Russia, played by Helen Nelson; Eugenie of France (Polly Bruhn); Carlotta of Mexico (Pearl Scully); the legendary Queen Guinevere (Gerry Olson); Queen Victoria (Edith Elms); Queen Elizabeth the Great (Joan Larson); Mary, Queen of Scots (Mrs. Norman Jedele); Esther, Queen of Persia (Ruth Pickus); Marie Antoinette (Mrs. William Petty); Queen Wilhelmina (Mrs. Robert Kreske).

John Kakacek was a fetching junior page, Mrs. O. W. Turner was a troubador, and Mrs. McMillen was the Judge Advocate.

Mrs. McMillen became so immersed in the costumes, that she made small replicas of the costumes of the queens and dressed dolls to match each character. We hope to display the costumed dolls in the Antioch News windows soon.

Enthusiasm is always infectious. We just must find time to read up on Eleanor of Aquitaine.

Top Row: Mrs. Ted Larson (Queen Elizabeth the Great); Mrs. James McMillen (Judge Advocate); Mrs. Morris Pickus (Esther, Queen of Persia); Mrs. Norman Jedele (Mary, Queen of Scots); Bottom Row: Mrs. R. Lubkeman (Christine of Sweden); Mrs. O. W. Turner (Troubadour).

## Engagement Announced

Lynette Reid

Mr. and Mrs. James Reid, of Lake Villa, announce the engagement of their daughter, Lynette Elizabeth, to Donald Allen Linders, son of Mr. and Mrs. William Linders, of Rushville, Nebraska. The young couple met last summer when Miss Reid was vacationing in Nebraska. Mr. Linders is in the U. S. Navy and is currently stationed at the Treasure Island Naval Base in San Francisco, Calif. A late summer wedding will take place in Saint Mary's Catholic Church in Rushville, Nebraska.

Brownie Troop 60, directed by their leader, Mrs. Frank Henry, and co-leaders, Mrs. Robert Hendrickson, at their regular meeting Monday at the Lindenhurst Civic Center, worked on Valentines to send to Dixon, Illinois, home for the mentally retarded. Other Brownie Troops which helped with this project were Troops 126 and 269. Congratulations, girls, on a very nice service project.

The girls of Brownie Troop 157 Grass Lake, held a toboggan party at a recent regular meeting, just in time to catch the last snow. It was held at the home of Mrs. Frank Delafre, who served the girls refreshments in her warm kitchen after their outdoor exercise. Mrs. T. J. Wilson, leader, and Mrs. Alma Bailey, co-leader, reported that the girls had a fine time building snowmen, too, with the help of their Senior Girl Scout, Leslie Boese.

The regular neighborhood meeting of the Sequoyah Neighborhood will be held Monday, Feb. 25, at 7:30 p.m. in the Antioch Scout House. This meeting is important be-

### How to Force Early-Flowering Shrubs

URBANA — Plan to cut branches of early-flowering shrubs for forcing six to eight weeks before normal blooming time, recommends University of Illinois floriculturist G. M. Foster.

Before this time the flower buds will not be sufficiently developed to give good results. To encourage flowering, Foster suggests these steps: Split or pound the stems of the branches to help them take up water. Place the branches in a deep container of warm water about 65 to 70 degrees F. Keep in a semi-cool area with moderate light and as high a humidity as possible until the flowers appear.

Supply additional moisture to the branches daily by spraying or sprinkling them. A small hand sprayer or laundry sprinkler works well for this purpose.

Change the water in the container every few days. Once a week, cut one-half inch from the base of the stems, preferably at an angle.

To speed up flowering, plunge the stems daily into hot water (100 to 110 degrees F.) and let the water cool naturally. On the other hand, if the flowers are coming too fast, move them to a cooler room. But, at whatever temperature you keep the branches, avoid abrupt changes during the forcing process.

Foster points out that, although forsythia is perhaps the most common early-flowering shrub, it is not the only one that will work. Others that can be forced are crabapple, dogwood, flowering or Japanese quince, redbud, bridalwreath, flowering almond and pussywillow.

cause of the election of officers, so members are urged to attend.

To celebrate the Legion's birthday anniversary, the Antioch Unit will have a potluck supper and party, starting at 6:30 p.m. promptly, on Friday, February 22nd at the Antioch Legion Hall. The Auxiliary members and their husbands and families, and the Post and their wives and families are cordially invited. The Unit Officers will be the hostesses.

### ORDER OF RAINBOW FOR GIRLS

Antioch Assembly, Order of Rainbow for Girls, will meet on Monday, February 25, at 7 p.m. at the Masonic Temple.

On Saturday, February 16, Antioch Assembly attended the School of Instruction in Oak Park, and on Monday, February 18, the assembly traveled to Bensenville to watch an official visit of the Grand Worthy Advisor of the State of Illinois.

Mrs. Wiegart and her daughter, Carol, will be in charge of refreshments for the next meeting.

### FOUNDER'S DAY PROGRAM AT GRASS LAKE P.T.A.

Mrs. Norma Douglas, president of the Lake County P.T.A. Council, was the principal speaker at the Founder's Day program at the Grass Lake P.T.A. Monday night, Feb. 18. She introduced past presidents of the P.T.A. at Grass Lake: Mrs. Wilbert Schaefer, Mrs. Karl Hawkins, Mrs. Helen Burke, Mrs. Kate Halvorsen, and Mrs. E. Anderson.

Mrs. Wilbert Schaefer was acting president for the evening in the absence of Mrs. Lorraine Cerk.

The nominating committee presented a slate of officers to be voted on at the next meeting. They are: Mrs. Lorraine Cerk, president; Ingelborg Wiegart, vice president; Betty Flint, secretary; Claire Larson, treasurer.

The third grade (Mrs. Agnes Kratchmer, teacher) won the room count. Refreshments were served by Mrs. Donald Leider and the mothers of the fourth grade students.

Mrs. Douglas announced that the Founder's Day dinner, for all Lake County P.T.A. members, will be held at Wauconda on Thursday, March 7. Anyone wishing to make reservations can contact Mrs. Cerk.

## DAR Stress History Month

Mrs. Joseph Hunley of Rio Val Acres of Antioch, and member of the Board of Management of Chicago Chapter DAR, announces that February is being re-emphasized as American History Month by all DAR Chapters all over the United States. We are all familiar with the many important historical events which have happened in our country in February—the birthdays of George Washington, Abraham Lincoln, Thomas Edison, and many others; the ending of the Mexican War and the signing of the treaty by the payment of 15 million dollars to Mexico for the lands now Texas, New Mexico, California, Arizona, Colorado, Wyoming; and the many persecuted refugees who came to these shores in February, mostly to New England and Virginia seeking religious freedom; "The Constitution" and "The Insurgente" battle in the Caribbean; and many other things.

Mrs. Hunley is also in charge of the Essay Contests sponsored yearly by all DAR chapters in the high schools of the areas.

## IPAC Adopts Installment Plan Aid

The new plan of the Illinois Public Aid Commission for installment payment of public aid allowances will add about \$8,250 a month to the cost of preparing and mailing the checks, Michael J. Howlett, Auditor of Public Accounts, estimated today.

Under the new IPAC policy recipients of allowances up to \$130 will receive theirs in a single check, as heretofore, but allotments of \$131 through \$255 will be sent in two mailings and larger allotments in three mailings. Howlett said the IPAC has informed him 55,000 additional checks per month must be prepared and mailed by the Auditor's office under the plan. He estimated the additional cost to the Auditor's own appropriation at about \$2,475.

It costs the Auditor's office roughly 10 cents per check to do the work, Howlett said. The federal government reimburses the Auditor's office for 4½ cents per check. Warrants are sent by first-class mail, a nickel per mailing. The Auditor's office holds the postage meter, which is filled up with postage monthly by the IPAC.

A PORTION OF THE "Growth and Development of Lake County Series" as it is to appear in the proposed Lake County Museum of History. This series will feature an original Lake County log cabin as shown above. The artist's conception shows the self-standing, prefabricated, modular exhibit walls, which can be moved or removed within a matter of minutes as exhibits are changed. This series within the Museum will tell the story of Lake County from the time it was at the bottom of a prehistoric sea through the year 1900 A.D.

## Church at Lake Villa Has New Members

Five communicant members were added to the Good Shepard Lutheran Church in a recent confirmation service. The five new members are Mr. and Mrs. Walter Sadarman, Lake Villa, Mrs. Isabelle McCormick, Lake Villa, Mr. and Mrs. Philip Perkins, Ingleside. The five were instructed over a period of five months by the pastor, the Rev. Kenneth F. Haskell. Mrs. McCormick, due to a leg injury, was instructed privately.

The five new members raised the communicant membership of the year old congregation to 74 and the baptized membership to 138. The congregation began services in January, 1962, with about 50 communicant members and 85 baptized members.

The church is now beginning its building program and hopes to be in its own building by Christmas of this year. The permanent location will be just two miles west of Lake Villa on the corner of state routes 59 and 132.

Special services are also being planned for the Lenten season beginning Ash Wednesday, February 27, at 7:45 p.m. The special services are family services in which the children will sing certain hymns alone and filmstrips will be shown which tell the story of Christ's life from his entry into Jerusalem till his crucifixion on Good Friday. All are invited to join the congregation in these special services each Wednesday evening till Easter.

The congregation has all worship services at the Grass Lake School on Grass Lake Road, two miles west of route 59. Sunday worship is at 9:30 a.m. and Sunday school at 10:45 a.m.

## Scott Puts State Money In Banks

State Treasurer William J. Scott has revealed details of a program which will put an additional \$250 million of state money into the Illinois banking system. Scott indicated that all of the more than 1,000 banks in Illinois will be invited to bid for the new money which will be deposited in six-month accounts.

"The placing of an additional \$250 million of State funds into Illinois banks should be of substantial benefit to the economy of this state. In addition, we will earn more money for the State of Illinois," Scott said. "Governor Kerner and Attorney General Clark have been informed of this plan and have indicated their approval."

Scott announced last week that \$73 million, previously deposited in 30-day accounts earning 1% are being transferred into 90-day accounts earning 2½%. This shift from 30 to 90-day deposits will also result in additional earnings of over \$1,000,000 a year.

"While the immediate result of our new policy will be a substantial increase in revenue for the State of Illinois," Scott declared, "I feel that its over-all effect on the general economy of this State will be of even greater importance. Additional deposits in our Illinois banks will result in the expansion of the economy of our State, bringing job opportunities throughout Illinois."

### Off the Pavement

The odds are against the irate driver who tries to get even on the highway. Revenge is a doubtful luxury that no motorist can afford.

It's not enough merely to pull off the highway when stopping. It's how far off that counts. Many unnecessary accidents occur because motorists stop with a rear wheel or other part of the car partially remaining in a travel lane. When you stop, be sure that you are in the clear with a safety margin to spare.

## Antioch Grade PTA Meets

Mrs. Preston Rockers, Jr., presided at the business meeting of the Antioch Grade School P.T.A. on Monday evening, Feb. 18. During the business meeting members voted to purchase a flag for Mrs. Warren Beattie's Brownie Troop.

Following the business meeting the school band, under the direction of George Ollsar, presented their annual concert for the parents and teachers. Among their well presented selections were two numbers which they will play in the forthcoming band contest and a novelty selection which was narrated by Edwin Hill, Special Education teacher.

Room count was won by Mr. Neuman's sixth grade, with second place going to Mrs. Powers' sixth grade. Total attendance was approximately 200.

Hostesses for the evening were third grade mothers, Mesdames R. Burns, R. Nelson, C. Laurson and W. Lahti, and fifth grade room mothers Mesdames G. DeBoer, R. Beevar, L. Peters and C. Jester.

### Methodist Men to Hear Speaker

At the Methodist Men's Club of the Lake Villa Methodist church scheduled for February 26, guest speaker will be Edward Cooney, assistant superintendent of Conservation in the state office of public instruction. He will be talking about the conservation of wild life, which should be of interest to all men of the community. Every man of the church is invited to take part in this evening. Mr. Edward Thameris, president, is encouraging each member to bring a guest for this evening.

Mr. Bill Seifert and Rev. Virgil H. Smith are to be the hosts and will provide the refreshments.

**Lenten Worship Services Planned**  
In order to keep Lent as a time of penitence and sacrifice, the Lenten services are to be on each Sunday evening during Lent, with this

exception, Ash Wednesday will usher in the Lenten season and a Service of Worship will be at the church at 7:30 p.m. The purpose of a Sunday evening service of Worship is to give those people who must work on Sunday to have a chance to attend worship and better enable all Christians to observe this Holy Season.

The theme is "The Church, Power of our Faith," and the topics for each service are as follows:

Ash Wednesday, Feb. 27—"How to Keep Lent";  
First Sunday in Lent, March 3—"We Are Able";  
March 10—"Power Within";  
Mr. Edward Thameris and Mr. Robert Henderson;  
March 17—"Hymn Festival, Power of Hymnody";  
March 24—"Rev. Thomas Lowery, pastor of EUB, Lindenhurst, 'One Faith'";  
March 31—"Passion Sunday, 'The Church Gives Power to the Faith'";  
April 7—"Palm Sunday, 'Christ's Entrance into Jerusalem'";

**Royal Neighbors**  
The Royal Neighbors officers club met at the home of

Mrs. Paul Avery, Sr., Wednesday afternoon. A dessert luncheon was served, after which a meeting was held. Plans were made for the officers to enjoy dinner at the Parkside, located on Sheridan Road, Kenosha, on March 13, instead of their regular meeting. Officers attending the meeting were Helen Fish, Meta Jost, Gertrude Malecka, Helen Reimer, Edna Botts, Bertha Fish, Mathilda Bartlett, Cecile Blumenschein, Cecile Paske, Winifred Seefeldt and Marie Hamlin, who was co-hostess.

The next regular meeting of the Royal Neighbors of Cedar Lake Camp will be held Tuesday, Feb. 26, at 8 p.m. at the Village hall, Lake Villa. Oracle Cecile Blumenschein presiding.

The VFW Auxiliary meeting will be Monday, March 4, at 8 p.m. at the VFW hall, President Frances Barnstable presiding.

The Martha Circle of the Lake Villa Methodist church met Wednesday, Feb. 20, at noon at the Lake Villa church. Hostesses were Mrs. Bert Hooper and Mrs. William Walker.

The Naomi Circle met Feb. 11 at the home of Mrs. Charles Reigel. Thirteen members and one guest were present. Mrs. Alvin Pegg was welcome back in the Circle.

For several weeks the Masters and Matrons of the Lake Villa Methodist church have been hard at work on their new three act comedy, "Me and My Shadow." The play will be given April 19 and 20, in the Lake Villa Grade School gymnasium at 8 p.m. Tickets will go on be available. The play is full of fun and many surprises.

Mr. and Mrs. Lester Hamlin are receiving congratulations on the arrival of a granddaughter born last Sunday at Victory Memorial Hospital to Mr. and Mrs. Charles Hamlin of Antioch.

### Age Limits

One of the tools most commonly used in the legislative process is the age limit. Driving automobiles, drinking alcoholic liquors, voting, marriage, using firearms, attending school, obtaining a job—all these and a hundred other activities depend on "how old you are" and "what the law says."

There is a great deal of nonsense connected with these age limits, but also a great deal of good sense too. For all those who will write or say to me, "Why can't seventeen-year-olds do this?" or "Why does the law say that fifteen is the age law for that?" let me start at the beginning and try to show how we in the legislature arrive at these numbers.

First, there is a separation between children and adults. There is a growing up process. It involves school attendance, duty of providing shelter, liability for one's own conduct, and from here it has expanded into curfew, half-fare tickets and special courts and jails.

Second, this separation must be defined in terms of numerical age. We cannot use intelligence, height and weight, wealth, strength or education or any other of the impractical distinctions proposed. We must put a number on each eligibility, to make the process enforceable.

(This second point causes us a lot of difficulty, but I think a fair inspection of the alternatives will make it reasonable.)

Third, the age separation should have some relationship to the reason for making the separation. Thus, the age

been ill at her home for the past week.

Norman Nelson of North Chicago was a visitor recently at the home of Mr. and Mrs. Fred Bartlett, Sr.

Steven Spencer, son of Mr. and Mrs. Richard Spencer of Venetian Village, has become a new member of the Cub Scouts of Den 3, Pack 88 of the Lake Villa Methodist church. Mrs. Richard Andersen is den mother. He attended their Blue and Gold banquet which was held Wednesday, Feb. 20, at 6:30 p.m. in the Lake Villa Methodist church. The Cub Scouts are particularly proud of the fact that they earned the money to pay for the dinner themselves. This is a father and son affair.

A free movie will be shown February 24, at 2:30 p.m. at the VFW hall for all children and their parents. The movie to be shown is "Wheels Over Africa." It is being sponsored by the Lake Villa VFW Post and Auxiliary.

The VFW Past Commanders and Auxiliary Presidents dinner will be held March 2, at the Lake Villa VFW hall, starting at 6:30 p.m. Auxiliary members are asked to bring a dish to pass. There will be a speaker, after which dancing will be enjoyed.

LAKE VILLA—The Third annual luncheon of the Lake County Regular Democratic Women's club was a memorial to their late, and beloved "First Lady of the World," Eleanor Roosevelt. It was held at the Country Squire Restaurant, Route 120 and 45, near Grayslake on Wednesday, Feb. 13. A tribute was paid to Mrs. Roosevelt, by Mrs. Edward J. Sparling, wife of the president of Roosevelt University. This University was first dedicated to Franklin Delano Roosevelt at its inception, and later rededicated to both the president and Mrs. Roosevelt. Dr. and Mrs. Sparling were close friends of Mrs. Roosevelt. Mrs. Sparling is eminently qualified to speak about this famed lady.

Dr. Kenneth Janda, assistant professor of Political Science at the Northwestern University spoke on "Why people vote like they do." A program was enjoyed in the afternoon. The Lake County Regular Democratic Women's club has been very active, since its reactivation last August.

limits for marriage or employment need not be the same as the age limits for driving a car or entering the Armed Forces.

Fourth, the age limits should be cut both ways. Becoming an adult involves assuming duties and responsibilities as well as adult privileges. Half-fare at the theaters and student fare on the railroads cannot logically be pushed upward, while the age limit for driving or drinking is pushed downward.

Fifth, all of these rules are pervaded by an unrealistic sentimentalism about children which is likely to override reason in setting age limits.

Now within this framework we in the legislature are expected to discover a magic moment of adulthood for each activity; a numerical age at which MOST people are ready for the new freedom and the new responsibilities.

How do we arrive at the number? In my own case, I use 21 as the limit for most purposes, and make exceptions downward from there. I use this age because in our culture most children are under the parental roof until then and subject to the group pressures and standards. After that age most children are free and independent.

In this decade most children finish high school during the year they have a seventeenth birthday. They are 21 when they finish college, 21 when they leave home to make their ways in the world. This age is, as nearly as can be set, the moment of graduation into adulthood. More important, it is the single year when most people graduate from group decisions to personal decisions.

Until this age, they tend to wear the clothes that are stylish, read the stories that "Everyone is reading," and imitate their colleagues in haircuts, slang, hero worship and even voting habits. After this point each individual starts to chart his own course in the world. He becomes an individual socially, and

## Use of Some Modern Vaccines Are Neglected, Says Dr. Baker

Never in the history of the world has it been possible to protect one's self and family against so many serious diseases so easily and effectively through preventive vaccines, says Arthur G. Baker, M. D., Director of the Lake County Health Department.

The big problem is that many people do not take advantage of the advances that modern medical science has to offer, Dr. Baker emphasizes.

All of us have heard a great deal about polio vaccine and many of us have been immunized against this crippling disease, although many still have not. But we tend to forget the potential killers, whooping cough, smallpox, and diphtheria. During 1962, there were 80 reported cases of whooping cough in Lake County. This is a shocking incidence of a dangerous communicable disease. Whooping cough in infants is a very dangerous disease and causes more deaths than any of the other communicable diseases in that age group. That is why early immunization is recommended by doctors.

During the past year there were several outbreaks of smallpox in Great Britain. A possible serious outbreak at New York City's Idlewild Airport was thwarted by quick action of health officers who vaccinated all those exposed to a boy who was stricken with the disease. During the winter of 1961-62 there was an outbreak of diphtheria in Omaha, Neb. All babies should be given injections against diphtheria, whooping cough, and tetanus beginning at two months of age. These shots may be conveniently given in a "triple" vaccine containing

this is perhaps the only logical moment of graduation into adulthood.

all three protectors. A polio shot or oral vaccine can be obtained at the same visit to the doctor. Vaccination against smallpox should be obtained during the first year of life.

Booster doses of vaccine are necessary from time to time in order to maintain protection from these diseases. This applies to adults as well as children. To prevent these serious and possibly fatal diseases everyone should keep a record of previous vaccinations and find out from a doctor when the next booster doses are due.

### Seat Belts

How do auto seat belts help to reduce injuries in an accident? According to the Institute for Safer Living seat belts aid in absorbing the shock of an impact. They tend to restrain the force of a body blow against parts of a car, and also lessen the danger of being thrown from the car. Thus, chances of survival are increased in most of the more prevalent accident situations.

# John Hallwas Sparks Sequoits In Win Over Round Lake Here

John Hallwas came up with what probably is his best performance of the season and sparked the Antioch Sequoits to an 83 to 64 victory over Round Lake Friday on the Sequoit court.

Hallwas led the Sequoits in scoring with 22 points and grabbed off a total of 24 rebounds in an impressive defensive performance.

The victory moved the Sequoits into a tie for fourth place with Grant High School and left them a mathematical chance at second place in the final conference standings.

The Sequoits unleashed a blistering attack in the first quarter that ended with them leading 24 to 12. The issue was never in doubt after that as the Antioch quint continually widened the gap.

The Panthers had their best time of it in the second period, outpointing the Sequoits 22 to 19 but still trailed 43 to 34 at halftime. Antioch continued their torrid scoring pace in the third quarter and racked up 21 points before the buzzer signaled the final stanza.

The reserves came in in the 4th period and heaped insult on injury by outpointing the Panthers 19 to 16 in the final quarter.

Bob Kubicki came up with 10 points on 8 baskets and 2 free throws to cling to a tie for the conference scoring lead. Kubicki is knotted with Craig Alderton of Grayslake, both with 252 points. Craig Spitzer follows in the number three spot with 248.

All five Sequoit starters hit for double figures as John Lear, Doug Lang and Ken Walker followed in the scoring with 17, 11 and 10 points respectively.

Lear and Walker, reserve guards, who replaced the ailing Jim Brownlee and Al

Gruidl, were lauded for their fine work in the back court. Walker and Lear accounted for 27 points as well as doing a good job defensively.

The Sequoits cashed 37 out of 72 field goal attempts for a blistering 51%. The Panthers dumped only 25 of 73 attempts for an unimpressive 35%. Antioch was less than successful from the free throw line however, managing to sink only 9 of 21 chances for a low 43%.

The Sequoits will play on their home court for the last time this season Friday night as they go against the second place Wauconda Bulldogs.

The game will have an added feature as it will mark the team's annual Parent Night. All the parents of the varsity basketball players will be honored in a ceremony preceding the game. A special section in the stands has been reserved for the parents who will be honored.

## Scouts Win 12 Straight

The Lake Forest Scouts registered their 12th straight conference victory Friday night in a 52 to 40 win over a troublesome Grant Bulldogs team on the victors' court.

Coach John Schadt's team gave the Scouts all they could handle and more for the opening two quarters as they left the court at intermission with a 25 to 24 lead.

Lake Forest came right back in the third period and out-pointed the Bulldogs 18 to 7 to go into the lead to stay. The Scouts also topped the ledger in a low scoring 4th quarter 10 to 8.

Steve Ekdahl of the Scouts topped all scorers with 19 counters while Bill Seaborg did the heavy work on the boards, grabbing off 17 rebounds.

Wauconda, meanwhile, hung on to second place by outlasting hard fighting Warren team 61 to 56 at Wauconda. Wauconda moved in to 16 to 13 first quarter lead and had increased it to 30 to 24 by halftime.

A third quarter uprising by the Blue Devils whittled the margin to 2 points at 44 to 42 with the beginning of the

## Wauconda Wins 2nd Mat Crown

The Wauconda Bulldog matmen have won the Northwest Suburban Conference championship for the second consecutive year.

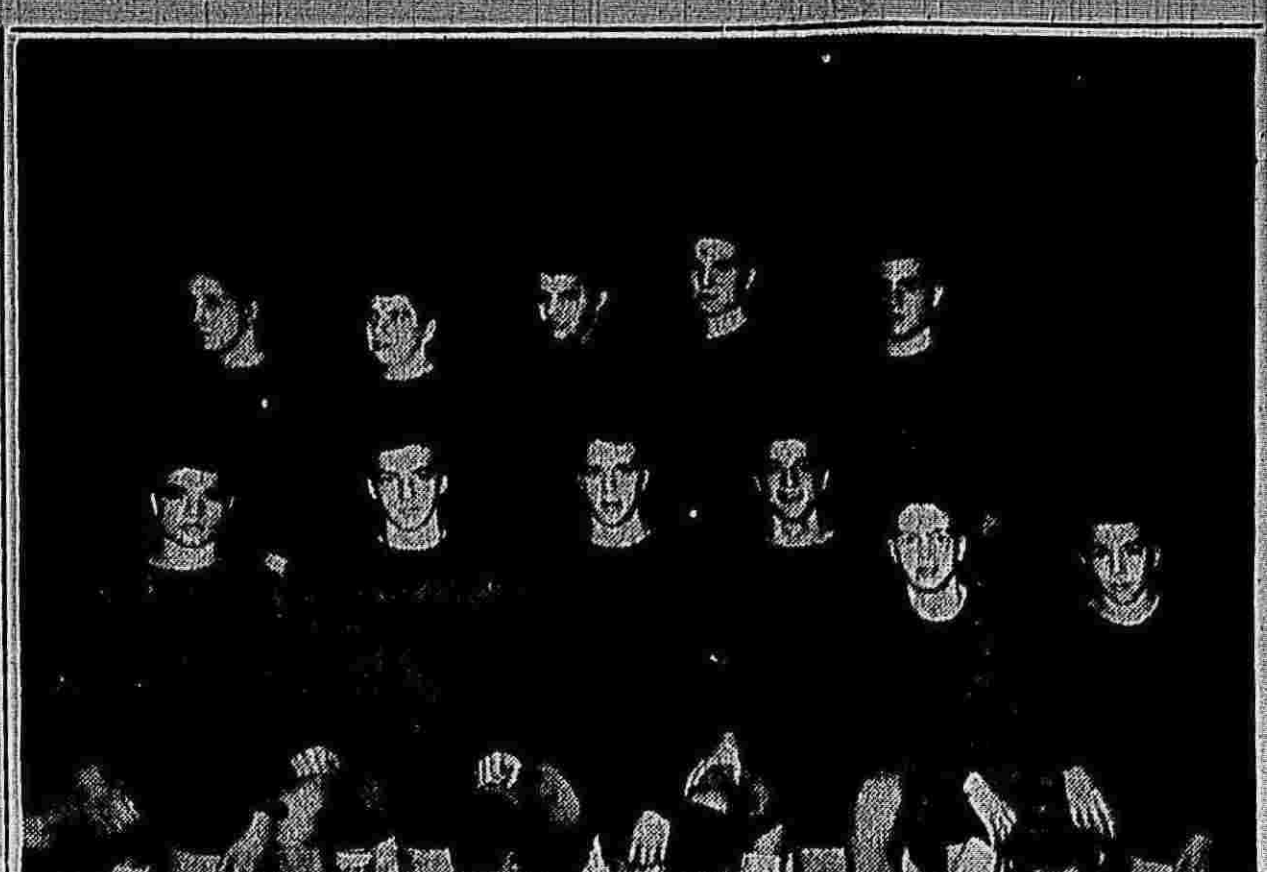

The team, coached by Norm Rathje, has won 31 consecutive conference victories with their last conference defeat in the 1960-61 season. The Bulldogs finished the season with a 14-0 conference record and a 17-0 overall record.

final stanza. The score was tied twice in the 4th period at 44 to 44 and 52-52 before Wauconda finally managed to pull away for the final margin.

Grayslake tightened their grip on third place in the conference standings by rolling over an ineffectual Ela-Vernon squad 95 to 65 at Grayslake.

The Rams took a commanding 20 to 18 first quarter lead and were never in trouble after that, leading 47 to 34 at halftime and 73 to 51 going into the final stanza.

Craig Alderton of the Rams topped the scoring column with 28 points and moved into a tie with Bob Kubicki of Antioch for the conference lead.

THE SOPHOMORE WRESTLING TEAM: Top Row: Ron Holstrom, David Chandler, Paul Lindblad, Lon Eckert, Pete Cocklan, Bottom Row: Ken White, Chuck Weber, Mark Nelson, Jim Sheppard, Terry Harrison and Doug Holstrom.

THE ANTIOCH HIGH SCHOOL VARSITY WRESTLING TEAM: Louis McGee, Ralph Gaston, John Sebesta, John Burke, Rick Fowles, Lon Ipsen. Front Row: Rick Prossio, John Sheppard, Dave Miller, Ray Sheppard, John Kleszak, and Jerry Bergh.

## Cage Tourney Starts Soon

If you plan to attend the regional tournament at Mundelein High School March 4 to 8 you'd better make your arrangements early. That's the word that came from Antioch Varsity basketball coach Roger Andrews early this week.

"Tickets for the tourney will be available at the Antioch High School office starting Friday, February 22nd," Andrews said. "The school will accept no phone reservations," he added. "All tickets must be picked up at the office."

All seats will be reserved, it was learned, and a pass for the entire tournament can be purchased at Mundelein High School for anyone who desires to see every game. Individual game tickets are \$1.00 for adults and 50c for students. "Students must show their ID cards when picking up their tickets," Andrews said.

Antioch will see action in the second game of the evening, March 4, as the square off against the winner of the District Tournament which will be held the week preceding the regional.

"I feel we'll meet either Wauconda or Grayslake," Andrews said. "Although Grant might be in there, too," he added. The other three teams in the District are Marysville, Round Lake and Cary Grove, all with unimpressive records.

The Sequoits are setting their sights on winning the first game of the regional and getting a chance at their former coach Larry Leon. Leon is now the varsity coach at Libertyville High School and has amassed a 13 and 4 record thus far this season. Libertyville is paired with Ela-Vernon (3-14) in the first game of the upper bracket March 4.

Tuesday, March 5, the lower bracket swings into action with Palatine going against Warren and Barrington meeting Mundelein.

When a youth begins to sow wild oats, it's time for father to start the thrashing machine.

## Qualify For Sectional

Sequit matmen Lon Ipsen and John Burke qualified for the Sectional Tournament at Waukegan Friday night, but by two different routes.

Ipsen beat Dennis Smith of North Chicago Friday. Charles Crow of Zion Benton Saturday and his last match against Frank Zarifian of Waukegan, Saturday, by forfeit.

Burke won over Don Faulkner of Warren in his first match and took Peter Lupo of Grant with a pin before losing to Edward Garross of Waukegan. Burke qualifies for the sectional by reason of being the runner-up in his weight class.

Both the winner and the runnerup in each weight class of the four district tournaments will advance to the sectional Friday.

## Sophs Swamp Round Lake

Bernie Smith and Vic Rogers combined for 37 points Friday night, as the Antioch Sophs overwhelmed Round Lake's eagles 70 to 31 on the Sequoits' home court.

The Sequoit preps had trouble getting the range in the first period, outpointing their rivals only 11 to 8. Coming on strong in the second quarter, the Antioch quint poured in 18 points while holding the Panthers to a meager 6 counters.

The Sequoits continued to blister the nets in the third quarter and dumped in 29 points before the period ended. Coach Bruce Stahmer coasted through the final stanza with his reserves and still outscored Round Lake 14 to 9.

Smith and Rogers shared scoring honors with 19 and 18 points respectively. Rogers also did the heavy work on the boards, gathering in 22 rebounds. Bernie Smith, in addition to his point total, played an outstanding defensive game. Fremarek was high scorer for the losers with 12 points.

The Sequoits also topped the ledger in shooting percentage, cashing in 41% of their field goal attempts to 20% per the Panther Cubs.

## E. Lubkeman Leads Singles Tournament

A local bowler, Erich Lubkeman, is leading the Antioch Men's Singles bowling tournament as of today.

Erich's 683 score pushed P. Bennett's 676 into second place.

Some of the bowlers who have signed up to challenge Lubkeman's score next Saturday are Doc Ripley with a squad; a group from the North Chicago Bowlarium; Frank Hussen of the Chicago Classic League; Ed Polliak and Wally Losthouse.

Bowling Sunday will be Ted Ozga; Dick Peterson from the Lake Forest lanes; and Ray Kirschner of the Harbor lanes.

Some more of the high scores at the end of the first

day of the tournament were J. Longono, 678; Leo Gorowski, 674; Neal Carney, 665; J. Horvath, 658; Ray Perrine, 650; Norm James, 645; Ed Tolva, 643; and Bob Kenedy, 642.

## Boat Show In March

The National Boat Show will be held at McCormick place in Chicago from Saturday, March 2, through Sunday, March 10.

The boat show, held annually, has become a show-case for the display of the latest improvements in boats, boating and just about everything related to them — including Miss Dreamboat, a queen who reigns over the whole thing.

Hours of the show are 11 a.m. to 10:30 p.m. Saturdays and Sundays and 1 p.m. to 10:30 p.m. weekdays.

## Students of Kenosha County Get Vaccines

With the approval of the Kenosha County Board of Supervisors Health Committee, County Medical Society, County Superintendent of Schools, town and village chairmen, immunization clinics are scheduled for the 31st consecutive year. Letters to parents and request forms will be distributed to the schools.

Children requiring a booster injection may attend any one of the three clinics. Children requiring complete protection, three injections, must attend three clinics at monthly intervals.

Children requiring a vaccination or re-vaccination should attend the first or second clinic and subsequently are urged to return the following clinic to have them checked and recorded.

## Give Tax Break To Elders: Dirksen

Senator Everett M. Dirksen (R-Ill.) has again introduced his proposal to relieve persons 60 or older of taxes on the sale of their homes.

The measure provides that persons aged 60 or older would pay no tax on the profit realized from the sale of their principal residence providing they had owned the home for five years or longer.

Under present law a person who sells a home which has been owned for a year or more is taxed at the rate of 25% of the profit over and above the original purchase price. By exempting them from payment of this capital gains tax this bill would provide some direct benefit for our aged because it would mean some money in their purse to tide them over if they happen to be in difficult circumstances. The bill, S. 316, has been referred to the Senate Finance Committee.

Mrs. Donna Cowan of Slades Corners, joined the Central High School faculty February 11. Mrs. Cowan assumed the teaching duties in the Home Economics and Biology vacancy.

The Board of Education discussed the problems an increased school enrollment would present as far as the physical plant is concerned. The amount and scope of insurance coverage on the school building was discussed.

It was reported that all of the school buses have been returned to service. The bus requirements for next school year was discussed. A policy was adopted that in the future, the names of students being dropped from high school, because of disciplinary problems, will be given to the Child Welfare Department along with information on each individual case. Parents will be notified in advance of the nature of the problem created by their child in question.

A special meeting was called for Tuesday, February 19, at which time teacher contracts will be discussed.

The world is full of willing people—some willing to work and others willing to let them.

**The Case of the Gruesome Dog**  
Someone who must have had a depraved sense of humor tied a dead dog to a telephone pole in front of Hank's Wayside Inn last week. The body was tied up in such a way that it appeared that the dog had either strangled or was strangling.

The dead dog remained there through Saturday and Sunday.

We received some indignant phone calls about the rather revolting display. Here are the facts, as much as we could find out.

Glenn Stedehag, Jr., says the owners of Hank's Wayside Inn do not know who placed the dog there. He says he called Wilbur Turner to remove the animal, on Saturday. Wilbur came, and when he found the dog was dead, refused to remove it.

Mrs. Nicholas Zelen called the State Police early Monday morning and they came and removed the dog.

So, the who and why of the strange case is still a mystery.
